Pursuant to MPEP §713.04, Applicants wish to confirm that the interview of March 15, 2006, was initiated by the applicants to present the criticality of the protective coating composition and to stress the importance of binder content for the intended use. No agreement with regard to the references of record was reached during the interview. However, the Examiner acknowledged the presented arguments, which were presented in the Amendment filed by the Applicants' undersigned attorney on March 16, 2006.

Respectfully submitted,
